

2025 Sepsis Symposium Agenda

8 - 8:30 a.m.	Registration, breakfast
8:30 - 8:45 a.m.	Welcome remarks, housekeeping <i>Namita Jayaprakash, M.B. BCh BAO, MRCEM; Jean Kokochak, MHA</i>
8:45 - 9 a.m.	HFH Sepsis patient story video
9 - 10 a.m.	Keynote: Precision medicine versus protocolized care in sepsis <i>Laura Evans, M.D.</i>
10 - 10:30 a.m.	<i>Coffee break</i>
10:30 - 11 a.m.	Separating the Art from the Science: Moving towards evidence-based fluid resuscitation in sepsis <i>Elizabeth Munroe, M.D.</i>
11 - 11:45 a.m.	Advances in point of care US for sepsis <i>Christopher Clark, M.D. and Andrew Park, M.D.</i>
11:45 a.m. - noon	Ask the experts <i>Q/A session with morning faculty</i>
Noon - 1p.m.	<i>Lunch</i>
1 - 1:45 p.m.	Sepsis Programs: investing the time and money panel discussion with health system leaders: <i>Wendy Kim, MSN DNP NEA-BC; Ed Pollak, M.D.</i>
1:45 - 2:30 p.m.	Supporting life after sepsis: the patient and family experience <i>Patient panel: Ms. Michelle Garduno, Shelby Garduno BSN</i>
2:30 - 3 p.m.	<i>Coffee break</i>
3 - 3:30 p.m.	Emerging Medicine: novel techniques and tools for early detection of Sepsis <i>Daniel Lewandowski, M.D.</i>
3:30 - 4 p.m.	Sepsis as an intensivist: supporting the shock state <i>Rania Esteitie, M.D. FCCP ATSF</i>
4 - 4:15 p.m.	Closing remarks and wrap up <i>Namita Jayaprakash and Jean Kokochak</i>

2025 Henry Ford Health Sepsis Symposium

09/12/2025 8:00 AM at The Madison, Detroit, MI

The Henry Ford Health System Sepsis Program was established in 2021 building upon the longstanding legacy established through the work of Dr. Emanuel Rivers and the Department of Emergency Medicine at Henry Ford Hospital. Dr. Rivers' landmark early goal directed therapy (EGDT) trial conducted at the Henry Ford Hospital Department of Emergency Medicine (DEM), established the driving principles of modern sepsis care through a bundled approach. The remarkable outcomes of this trial and the significant impact on mortality, serve as the launchpad for the publication of the surviving sepsis campaign, various policies, protocols and laws. The international influence Henry Ford Hospital has had regarding the delivery of early sepsis care cannot be understated and has led to a significant number of lives saved over the last 3 decades. The Henry Ford Health Sepsis Program strives to continue this legacy. Our vision includes promoting awareness and education on sepsis related best practices that impact patient outcomes. The 2025 Sepsis Symposium will deliver a comprehensive overview of sepsis care from appreciating precision versus protocolized care in sepsis, strategies to separate the art from the science for fluid resuscitation, understanding the innovative strategies to apply point of care ultrasound and learning the novel techniques and tools for early detection and supporting the shock state. In addition, participants will gain insight into why we strive to improve outcomes, listening to the patient perspective.

Program Goal

- 1 Evaluate the impact of sepsis for patients
- 2 Outline best practices in strategies for fluid resuscitation in sepsis
- 3 Summarize the novel tools for early recognition in sepsis
- 4 Understand resources available to manage prevention and post sepsis care
- 5 Outline ways to support sepsis and shock in the intensive care

Target Audience Emergency Medicine / Internal Medicine, Emergency Medicine, Internal Medicine, Emergency Medicine/Internal Medicine/Critical Care, Em Ultrasound, Critical Care Medicine, Hospice And Palliative Medicine, Infectious Diseases, Administration, Primary Care

ACCREDITATION STATEMENT: Henry Ford Health is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

DESIGNATION STATEMENT: Henry Ford Health designates this live course for a maximum of 5.75 *AMA PRA Category 1 Credit(s)™*. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

FACULTY/PLANNING COMMITTEE DISCLOSURE STATEMENT: In compliance with the ACCME standards for Commercial Support, all individuals in a position to control/influence the content of this activity are required to disclose relevant financial interests of their own with any ACCME defined commercial interests for the past 24 months and/or non-FDA approved use of a drug or a device that is included in the presentation. All relevant financial relationships have been mitigated prior to the commencement of the activity.

ACCESSIBILITY STATEMENT: Henry Ford Health provides qualified interpreters and other aids for Deaf, DeafBlind, and Hard-of-Hearing persons at no cost. To request assistance, contact the event coordinator. Please allow a minimum of 3 days to process this request.

Faculty

Name of individual	Individual's role in activity	Nature of Relationship(s) / Name of Ineligible Company(s)
Namita Jayaprakash, MD, MRCEM, FACEP	Activity Coordinator, Co-Director, Faculty	Grant or research support-Abbott Laboratories, BioCogniv - 03/24/2025
Jean Kokochak, MHA	Activity Coordinator, Co-Director, Faculty	Nothing to disclose - 03/24/2025
Crystal M Gyiraszin, MS	CME Reviewer	Nothing to disclose - 02/07/2025
Michelle Clayton, BA	CME Specialist	Nothing to disclose - 01/29/2025
Christopher Clark, MD	Faculty	Consulting Fee-Exo Inc - 10/22/2024
Daniel Lewandowski, MD	Faculty	Nothing to disclose - 04/10/2025
Edward W Pollak, MD	Faculty	Nothing to disclose - 10/22/2024
Andrew J Park, MD	Faculty	Nothing to disclose - 03/22/2025
Wendy Kim, MSN, DNP, NEA-BC	Faculty	Nothing to disclose - 04/11/2025
Laura Evans, MD	Faculty	Nothing to disclose - 04/23/2025
Elizabeth Munroe, MD	Faculty	Nothing to disclose - 04/03/2025
Rania Esteitie, MD, FCCP, ATSF	Faculty	Nothing to disclose - 03/22/2025
Shelby Garduño, RN	Faculty	Nothing to disclose - 05/02/2025
Michelle Garduño-Graves	Faculty	Nothing to disclose - 05/02/2025

All of the relevant financial relationships listed for these individuals have been mitigated.
