

Live in The D:
Advanced Therapeutic Endoscopy Course

Friday, September 18, 2026 | Henry Ford Hospital - Ford Hall | Detroit, MI

7:00 – 8:00	Registration & Breakfast (Ford Hall Atrium)	
8:00 – 8:05	Welcome	Cyrus Piraka, MD Sumit Singla, MD
Session 1: Management of Acute Pancreatitis and Walled-Off Pancreatic Necrosis: A Collaborative Approach		Moderators: Cyrus Piraka, MD Mohannad Abousaleh, MD
8:05 – 8:20	Surgical Management of Walled Off Pancreatic Necrosis	Sina Khoshbin, MD
8:20 – 8:35	Endoscopic Management of Walled Off Pancreatic Necrosis	Laith Jamil, MD
8:35 – 8:55	State-of-the-Art: Acute Pancreatitis and Fluid Management/Translational Approach	Georgios Papachristou, MD, PhD
8:55 – 9:05	Panel Discussion, Q&A	
9:05 – 9:20	Check-in on live cases	
Session 2: Management of Chronic Pancreatitis and Pancreatic Cysts		Moderators: Mazen Elatrache, MD Georgios Papachristou, MD, PhD
9:20 – 9:35	Advanced Diagnostics in Pancreas Cysts	Fadi Hawa, MD
9:35 – 9:50	Pancreatic Endo-Therapy and Shock Wave Lithotripsy	Robert Pompa, MD
9:50 – 10:10	State-of-the-Art: Non-Invasive Treatment of Pain in Chronic Pancreatitis	Jorge Machicado, MD, MPH
10:10 – 10:20	Panel Discussion, Q&A	
10:20 – 10:35	Check-in on live cases	
10:35 – 10:45	Break	
Session 3: Multidisciplinary Approaches to Portal Hypertension		Moderators: Robert Pompa, MD Brooks Vance, MD
10:45 – 11:00	Introduction to Endo-Hepatology	Andrew Watson, MD
11:00 – 11:15	Interventional Radiology Approach to Portal Hypertension	Giordano Mitchell, MD
11:15 – 11:35	State-of-the-Art: Management of Gastric Varices	Marvin Ryou, MD
11:35 – 11:45	Panel Discussion, Q&A	
11:45 – 12:00	Check-in on live cases	
12:00 – 1:00	Lunch (Ford Hall Atrium)	

*Times are approximate due to variability of live cases.

Continued on back >>

Session 4: Biliary Drainage: The Great Debate		Moderators: Sumit Singla, MD Marvin Ryou, MD
1:00 – 1:15	Interventional Radiology Approach to Biliary and Gallbladder Drainage	Claire Sorek, MD
1:15 – 1:35	State-of-the-Art: EUS Guided Biliary and Gallbladder Drainage	Amy Hosmer, MD
1:35 – 1:45	Panel Discussion, Q&A	
1:45 – 2:00	Check-in on live cases	
Session 5: Management of Large Rectal Polyps		Moderators: Eugene Zolotarevsky, MD Laith Jamil, MD Cyrus Piraka, MD
2:00 – 2:15	Surgical Approach	Surya Nalamati, MD
2:15 – 2:30	Endoscopic Approach	Tobias Zuchelli, MD
2:30 – 2:40	Panel Discussion, Q&A	
2:40 – 2:55	Check-in on live cases	
2:55 – 3:05	Break	
Session 6: Benign Strictures and Cancer Endo-Therapies		Moderators: Cyrus Piraka, MD Amy Hosmer, MD
3:05 – 3:20	Cut, Stent, or Refer? Modern Approach to Managing Refractory Benign Esophageal Strictures	JP Genere, MD
3:20 – 3:35	Endoscopic Ablation of Pancreatic Tumors: An Evolving Landscape	Mazen Elatrache, MD
3:35 – 3:50	Cholangiocarcinoma and Biliary RFA	Sumit Singla, MD
3:50 – 3:55	Panel Discussion, Q&A	
3:55 – 4:05	Check-in on live cases	
Session 7: Management of Cricopharyngeal Pathology/Zenker's Diverticulum		Moderators: Tobias Zuchelli, MD Mohammed Barawi, MD
4:05 – 4:20	ENT Surgical Approach	Haley Sibley, MD
4:20 – 4:35	Endoscopic Approach	Cyrus Piraka, MD
4:35 – 4:45	Panel Discussion, Q&A	
4:45 – 5:00	Final check-in on live cases, Closing Remarks	Cyrus Piraka, MD
5:00 – 6:30	Happy Hour (Ford Hall Atrium)	

*Times are approximate due to variability of live cases.

HANDS-ON COURSE AGENDA

Saturday September 19, 2026

8-9 AM: CHECK-IN, BREAKFAST, MP1 (Multipurpose 1), Henry Ford Hospital, 2799 W. Grand Blvd, Detroit, MI 48202

9AM-12PM: HANDS-ON STATIONS, SIMULATION CENTER, BASEMENT

1-3PM: LUNCH, GAMES, AND NETWORKING, CORKTOWN TAPHOUSE

Objectives:

1. Review and discuss endoscopic management of pancreaticobiliary disease
2. Review and discuss complex endoscopic resection
3. Review and discuss endoscopic closure techniques
4. Review and discuss endoscopic stricture and cryotherapy
5. Review and discuss third space endoscopy

Station 1

Station name: Biliary

Skills: Cannulation, stone extraction, biliary stenting, cholangioscopy, EHL.

Station 2

Station name: Resection

Skills: EMR, band EMR, FTRD

Station 3

Station name: Closure

Skills: Overstitch, X-Tack, Mantis clips, OTSC

Station 4

Station name: Stricture therapy

Skills: Strictureotomy, balloon dilation, esophageal stents, cryotherapy

Station 5

Station name: Third space endoscopy (ESD & POEM)

Skills: Thermal marking, injection, incision, tunneling/dissection
